THE DINOSAURS AND EVERYTHING ELSE THAT GOD CREATED WERE VERY GOOD.

God brought the animals to Adam so he could give them names. What do you think Adam might have called the creatures we know as dinosaurs? The name dinosaur means "terrible lizard" (dino=terrible; saur=lizard), but that was a name given to them in 1841 by Richard Owen, an Englishman who studied their fossil remains. They were not originally **TER-RIBLE** lizards, for "...God saw everything that He had made, and, behold, it was *very good*" (Genesis 1:31).
